Subject

Our File 582-518 From HKK

Talked with Mr. Rein today with regard to this case and we discussed the references and claims in detail. He feels that he may have some art relating to carbon black which he would like to cite; however, he feels that there is a good chance that we can obtain allowance of the subject matter if we file a continuation application to give him time to obtain the art which he has in mind. I agreed to file a continuation application and believe there is a good chance that we will obtain an allowance on the first Action.
